Full copies of Agenda Items 3, 4, and 5 are listed on the Section 5 website at www.chevychasesection5.org.

Agenda Items 3 and 4 are to discuss an ordinance and right-of-way agreement that would update the small cell ordinance we adopted in 2019. The 2019 ordinance was in response to an FCC Order compelling jurisdictions to have “published” design standards in place before enforcement. We noted at that time that the ordinance would need to be revisited once national litigation was resolved and once we knew what regulations, if any, would be adopted by the State and County.

Agenda item 5 is in response to recent changes in State law. Our current rules do not include provisions recently added to the model rules by the Attorney General regarding the new MPIA Ombudsman and the disclosure of electronic records.
