You must submit plans and specifications that show the existing structures and the proposed changes or additions. Be sure to clearly and accurately mark the distances from your property boundaries to the planned:

- Changes or additions to existing structures; and
- Any new structures.

You must also indicate:

- The exact distance of any projection into a setback (For a porch, bay window, eave and gutter, etc.)
- The height of any changed or new accessory building; and
- The exact location of any construction at- or below-grade, such as a driveway or basement areaway.

If you are constructing or altering any fence, please provide a diagram of the fence that shows its location with respect to your property lines and indicate the height of the fence (measured from the ground on the lower side) and the construction material and style, such as wooden picket or chain link.
